- Orthographic & Package drawings
- Alias
- VRED
- 2D and 3D Visualization
- User Experience
- Maya
- Blender
- Photoshop & Illustrator
- Modeling - Digital / Physical
- Google Docs & Slides
- Storyboarding

Education

College for Creative Studies

Bachelor of Fine Arts, Major: Transportation Design
Expected graduation date December 2023

Experience

Ground Vehicle System Center (GVSC), U.S. Army

On-Campus Sponsored Studio, College for Creative Studies
01-2022 - 06-2022

Designed a 2035 fully electric Manned Overwatch Vehicle capable of allowing four soldiers to work and live in vehicle for 72 hours while monitoring military supply convoy.

- * **Selected as one of four students to present to GVSC management**
- * **Winner of the Soldier's Choice Award**

John Deere

On-Campus Sponsored Studio, College for Creative Studies
01-2022 - 05-2022

Worked with John Deere Marketing and Engineering to develop an advanced sustainable underground irrigation system for the year 2050.

- * **Tackled the problem of an extreme heat wave affecting farming by designing a surface tender unit as well as the underground irrigation torpedo to minimize water waste through evaporation.**

American Chemistry Council (ACC)

On-Campus Sponsored Studio, College for Creative Studies
09-2022 - 12-2022

Designed a fully sustainable, electric vehicle with an adjustable wheel-base to perform various jobs while also reducing cities carbon footprint.

Recognitions

College for Creative Studies Academic Scholarship

FIRST Robotics Scholarship

Interests
